

INTERNAL COMPLIANCE CHECKLIST

Financial Year Ended: December 31, 2024

1. Purpose and Scope

This checklist is designed to assess the compliance level of the Institute of Construction and Urban Economic Research with current Vietnamese laws and the company's internal policies and procedures.

Main Objectives:

- Identify potential compliance risks early.
- Detect gaps in processes and internal control systems.
- Establish an action plan for remediation and continuous improvement.

This document serves as a tool for internal audit teams, risk management departments, and department heads to conduct periodic self-assessments.
